THEME OF THE MONTH - Rhyme Time

Rhymes help children experience the rhythm of language. As they recite nursery rhymes they learn to speak with animated voices....It can also help develop children's social skills as it is a great opportunity for children to get to know their peers during role play time. Keeping this in mind our tiny tots were introduced to the rhyme "Hey Diddle Diddle.

It was a delight to see how our little learners were curious to explore objects hidden in the mystery box related to rhyme. They love surprises after all!

Can the cow jump over the moon?? Well!! To find the answer to this question we used the "parachute game" to keep the children engaged in meaningful learning.

Art and craft activities like making cat with fork prints, dog puppet and hand print cow gave the little stars a better understanding of the rhyme.

By the end of the week the children were able to enact the sound of the animals and could recall what each animal is doing in the rhyme. A nice way to express themselves and enhance communication skills!

HOME ASSIGNMENTS

- To whom should we take pet animals when they fall sick?
- Can you find out names of pet animals besides cat and dog?

WHAT WE LEARNT DURING THE WEEK
