UNLOCKING THE WORLD...

This is my first edition of 'The Springdalian' as Principal of Springdales School, Dubai and I am still at that stage where I am becoming familiar with new expectations and requirements unique to the role, all of which I view as a privilege and honour for me to be in this position.

To be honest it has been the most unusual entry into leading a school as I have ever experience due of course to the Covid-19 pandemic. And at this stage the unusual nature of the role of Principal just keeps on coming with little end in sight. What I am really missing is the students and the connection to them and their families, all of the opportunities to meet and talk face to face are on hold and 'zoom' just doesn't give you the closeness that speaking together 'live' provides.

Living through this unusual time hasn't stopped us from achieving some amazing things, the highest on this list starts with the first graduating class of Grade 12 at Springdales. We have seen sixty-two graduates head across the globe to the universities of their choice as the next step to realising their life's dreams and aspirations. Destinations such as Vancouver and Toronto, Canada; The Hague and

This issue of SPRINGDALIAN is a symbol of our everyday approach during the Covid-19 pandemic. In it you will see all that we value as essential parts of schooling regardless of the circumstances, great celebrations, personal triumphs, smiles on faces and example after example of the joy of working together in the face of adversity. Please enjoy the uplifting stories of this special edition of Springdalian.

Leeuwarden, Netherlands; Luzerne, Switzerland; Tbilisi, Georgia; 16 different universities here in the United Arab Emirates and top higher education institutions such as Vellore Institute of Technology, India to name a few.

Truth be known our graduating students have access to around 260 university and institutions across Australia, United Kingdom, United States of America, Europe and South East Asia including top 100 universities such as University of Melbourne, Cambridge University, Harvard, Stamford, Yale, Free University of Berlin and the National University of Singapore.

We have students studying careers in Engineering, Business, Psychology, Computer Science, Sports Management, Biotechnology, Media

and Communication, Culinary Arts, Life Sciences, Biomedical Sciences and Hospitality Management. All from the graduating class of 2020.

This edition of The Springdalian has been produced at a time which requires agility, flexibility and resilience and is a celebration of how the Springdales community has exhibited all of these qualities.

*Enjoy the read
Yours Sincerely
Dr. Brian Gray
Principal Springdales School*

WWW.SPRINGDALES DUBAI.COM

Earth Day

April 22 is celebrated as Earth day all around the world. It is an annual event which is held to demonstrate support for environment protection. The theme of the Earth day was 3R'S.

The teachers and students wore green colour clothes .The kindergarten students of Springdales School Dubai participated in various activities to commemorate Earth Day on 25.4.22. On the occasion of Earth Day activities were organized with a view to emphasis children to make the planet beautiful.

The children made decorative bags with recycle paper. The project was assigned to children to bring useful items using recycle materials from their home. A 'Trashon Fashion' show was organized to bring out the essence of materials being recycled and reused.

The Earth Day activities were spread out through the day thus giving a good insight to the young kindergarteners on the importance of 3Rs and love for mother Earth.

Messy Week

Children learn through exploring and discovering with active use of all their senses. Messy play is one such way to make learning fun. The Foundation Stage children took part in a fun messy and sensory play day. It was designed with the student's natural curiosity in mind. It helped them to foster their curiosity, imagination, concentration as well as physical development, communication, language and independent play. The students were given the opportunity to choose the activity as per their interest. The different resources provided for the activities helped in enhancing their kinesthetic sense. The kids enjoyed every moment of the messy day, they looked messy but cute!

"When we make play the foundation of learning, we teach the Whole child."
- Vince Gowmon

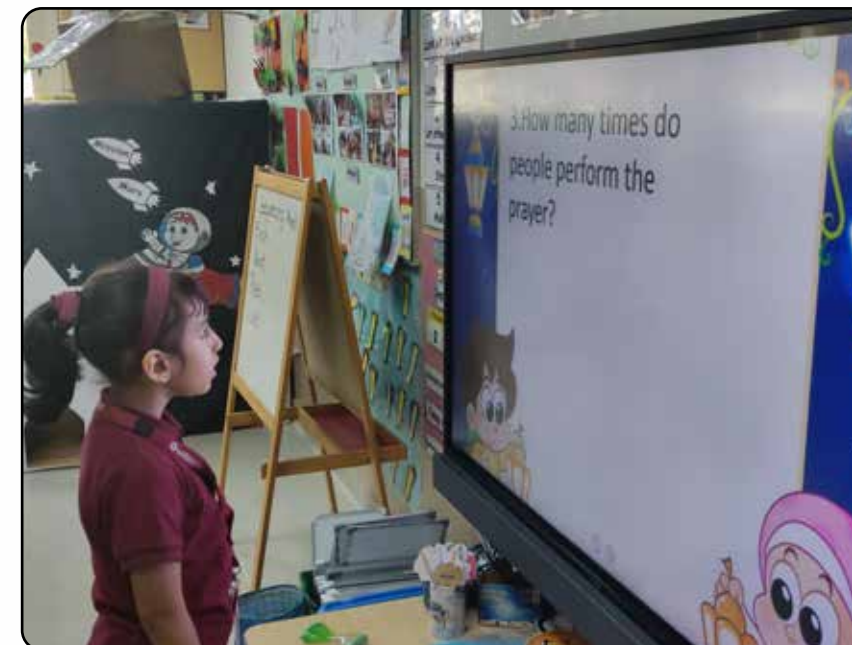

Ramadan Quiz

"Ramadan is like the rain, it nourishes the seeds of good deeds"

Ramadan is a very special month in the year. In the spirit of the holy month, a 'Ramadan quiz' was organized in Springdales School for the Kindergarteners which aimed at increasing their general awareness of the purpose and significance of this Holy month.

The quiz included questions that encompassed various aspects of Ramadan such as prayer timings, good deeds to be performed, and the importance of charity during the month. The students showed an enthusiastic attitude towards answering the questions owing to the immaculate training provided to them by their teachers prior to the quiz.

Culinnovation-Innovation in Cooking

Cooking is not only fun but teaches responsibility, good nutrition and develops creativity in young minds. To explore our young master chefs' imagination and creativity in cookery, we at Springdales had organized "Culinnovation"-Innovation in cooking! This cooking extravaganza took place on 27th June, 2022.

The children created different edible items using a variety of ingredients with an innovative way of presentation, showcasing their own cooking skills.

The little ones became master chefs for a day and the teachers looked forward to our little gastronomes to showcase their culinary talent while enhancing their social skills.

Father's Day

Father's Day is considered extremely important as it helps acknowledge the contribution of fathers to individual families and to societies as large.

"A father is neither an anchor to hold us back nor a sail to take us there, but a guiding light whose love shows us the way."

A special event to celebrate "Fathers' day" was organized on 21st of June 2022 in the Kindergarten section wherein the little children expressed their love for their fathers by making a colourful card exploring their art and craft creativity. The small token of love provided the children an opportunity to express love and respect for their fathers and brought a smile on each Father's face.

Global Awareness

To develop into well-rounded individuals, it is important that children learn about the diverse world in which they live in. Each country has something different to share - dancing, crafts, culinary activities etc. In order to make this possible, we at Springdales Kindergarten initiated an innovative program called "Global Awareness - One World, One Family".

We focus upon celebrating cultures of different countries for achieving global awareness and world citizenship. The children learnt about diverse cultures, national symbols, art forms and dances, sports, food, national costumes etc. of a variety of countries. They visited each other's classes and explored the different countries using passports.

Science Week

Science instils a sense of intrigue and enables students to develop understanding and form questions based both on the knowledge they already have and the insight they wish to gain in the future. We as a school community encourage our young learners an opportunity to explore, investigate and learn about science.

Here in Springdales School Dubai - Foundation stage, the science week is celebrated by conducting various science activities such as "Scientist comes alive" as the young scientists adored the school campus with their costumes as they came dressed up as a scientist of their choice. "Budding Scientist" activity kindled the curiosity of the budding scientist to participate in investigations following the Scientific method, the young learners participated in the 'Interhouse Quiz'. In "Cullinnovation" the children shown tremendous innovation in experimenting by adding a variety of ingredient in creating a minibeast. It has been an extremely successful week and we can't wait to do it all again next year!

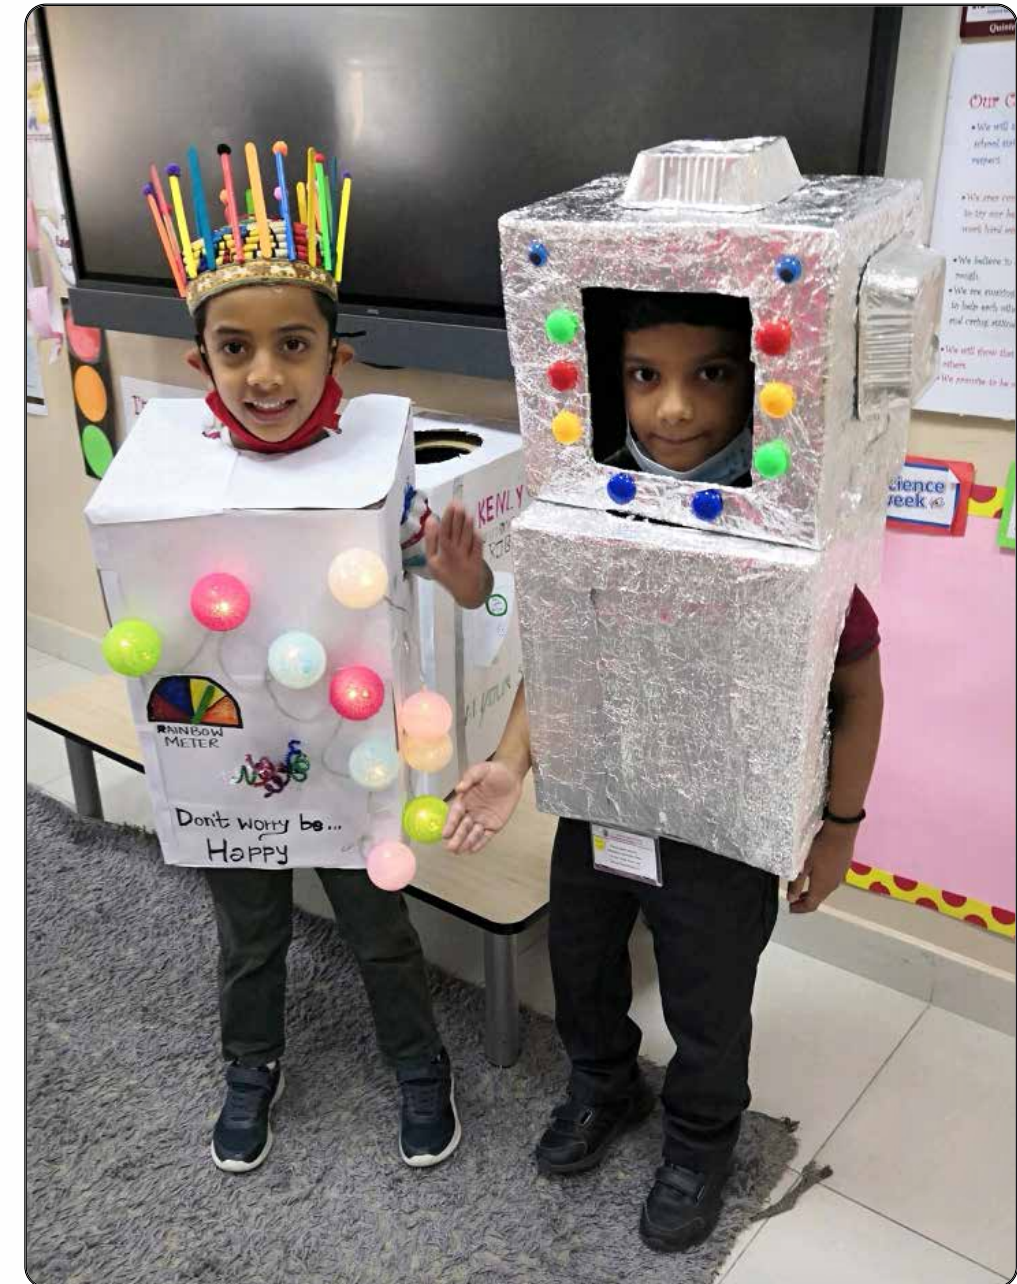

World Environment Day

"The environment is where we all meet; where we all have a mutual interest; it is the one thing all of us share." – Lady Bird Johnson

This year we celebrated World Environment Day on 9th June, 22 with a feel for what the day is all about, by singing songs, colouring pictures, planting seeds and various other activities.

They became Eco-warriors and expressed what he/she would like to do to care and protect for the environment. Our Pre KG children created a handprint tree, KG1 participated in a JAM session and KG2 became environmentalists and discussed about the seed germination and the essential things the seed requires for germination.

Yoga Day

Yoga is a practice of controlling body movements and breathing. It enhances the physical and mental strength by connecting both to the nature. To spread worldwide awareness of yoga and its benefits, 21st June is marked as International Day of Yoga or World Yoga Day.

In collaboration with the Heartfulness Team, a special activity was organized in school for the students on Yoga International Day. It was relaxing and related to importance of Healthy Living. The children got acquainted with various yoga asanas such as “stand with legs apart and make a rainbow” “stand still like a mountain” etc. Not only the young learners enjoyed the fun-filled yoga day, they also were calm throughout the day.

Arabic Week

Foundation stage celebrated Arabic week to raise awareness about the Arabic language and Arabic culture. It was a joyous week with overwhelming participation from learners, educators and parents. Students were initiated into the Arabic language, culture, food and stories in this week. The Arabic subject teachers showcased a puppet show on “The Jungle” story as a surprise for children. The week culminated with a Carnival wherein the children dressed up in Arabic traditional clothes and they relished the flavour of Arabic food of their choice. It was a fun filled week with new learning and memorable experiences.

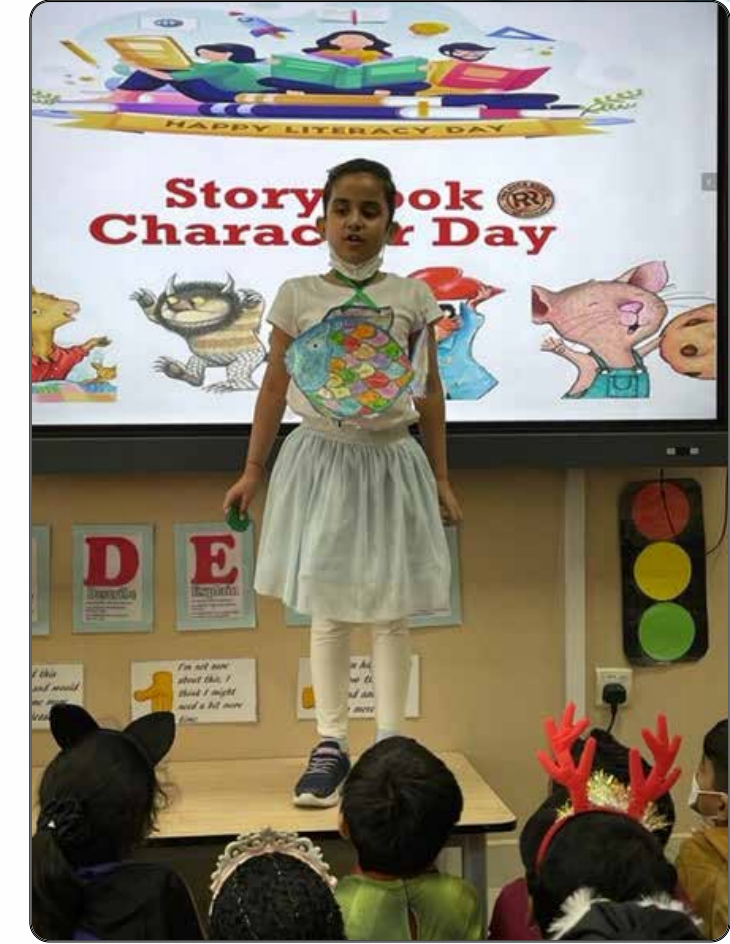

Literacy Week

Good reading brings good communication skills and better writing, which makes our little ones more confident to surely help them go long way in life. To instill in our learners the love for reading and to make them better readers and speakers, Kindergarten Springdales celebrated 'Literacy Week' from 17th May to 20th May, 2022 with an array of activities. The week showcased numerous activities in Foundation Stage, such as, A day without pen where children used natural resources to write, they dressed up as their favorite character, poem recitation, what's written on my t-shirt, a poem in my pocket and book review.

The aim was to infuse the students with appreciation, understanding, love and usage for the language. The week turned out to be an extremely experience engaging mix with fun for the children.

Show and Tell

Show and Tell sessions provide our little ones a platform to hone their Communication and Language skills and to develop confidence while speaking and listening to others.

Foundation students get opportunities to participate in this activity which help them to build their self-confidence and self-esteem. It enables them to improve their descriptive skills by communicating feelings, thoughts and emotions with words.

Every show and tell session is interesting and a thrilling experience for the kids sharing their feelings with peer which provides a fun and comfortable learning arena for everyone involved.

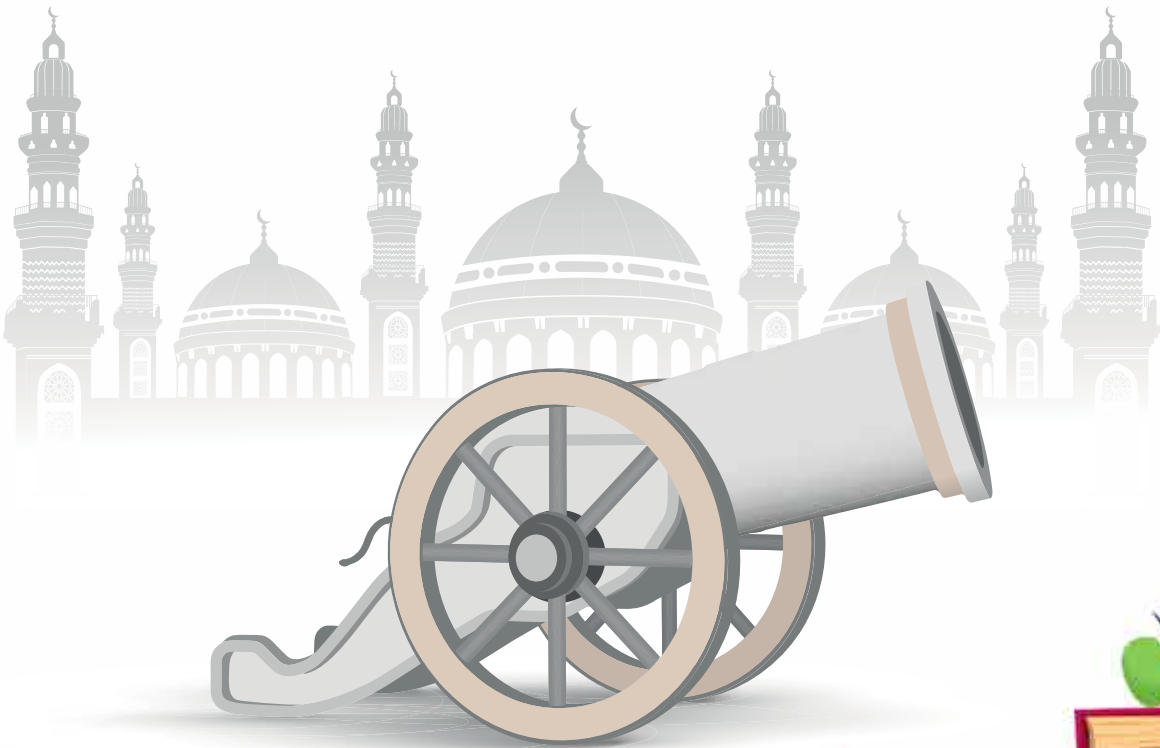

PREPARATORY

Awareness about the Holy Month of Ramadan

Ramadan is a holy month of fasting, introspection and prayer for Muslims, the followers of Islam. It is celebrated as the month during which Muhammad received the initial revelations of the Quran, the holy book for Muslims. Fasting is one of the five fundamental principles of Islam.

Springdales School Dubai has always been sensitive towards spreading the love, happiness and the spirit of forgiveness that is celebrated during the month of Ramadan, and to evoke the same emotion and respect amongst the students a session on Awareness about the Holy month of Ramadan was conducted in individual classes through an interactive presentation.

Earth Day

Our Goal is not just an environment of clean air, clean water and scenic beauty. The objective is that of decency, of mutual respect for all other human beings and all other living creatures.

Springdales School is where each child is taught to have mutual respect not only for people around them but also holds a deep insight for the Environment. Each child in Springdales is taught to understand the importance of Environment and its contribution towards the human race, and to celebrate the Earth Day students of Springdales School Dubai, pledged to protect their Mother Earth, by expressing their emotions through various activities designed for each grade level.

Earth Day: Students of Grade 5 participated in the Earth Day activity with full enthusiasm. They expressed their views and opinions on sustainability by taking part in an active debate on the topic- 'Sustainability is a Myth'

Grade Coordinator's Workshop on SSD Vision, Mission & Motto.

In Springdales, students are continuously reminded about the rules and regulations of our school.

The Grade Coordinator's Workshop was conducted on the 7th of April, at the onset of the new academic year 2022-23 to once again reiterate the values of being kind, humane, caring, adaptive beings. Students were once again reminded that in Springdales we follow zero tolerance towards bullying. But this time the whole approach of the assembly was in the form of a workshop, where the students took the ownership to discuss the policies of the school and what more improvisation can be made to actively enhance it among the students. Their approach was innovative and most importantly by doing this workshop students themselves had a clear understanding of the school policies.

They were happy to come back to school and could not wait to start their exciting journey for the new academic year.

Over all the workshop was self- driven by the students, interactive and informative.

Iftar Party & Eid-UI-Fitr Assembly

It is said that “Happiness is a perfume, you can’t pour it on someone else without getting a few drops on yourself”.

To spread the joy and happiness of sharing Springdales School Dubai had organized an Iftar Party where all members of staff, students from Grade 4 to Grade 12 were involved in thanking and showing their gratitude towards the support staff, without whose constant hard work and dedication the school would stand incomplete.

Children courteously greeted and hosted the event to show their respect towards their bus uncles and nannies.

It was a wonderful and purposeful event where there was 100 % participation of all the students.

The purpose of spreading happiness and the joy of sharing came out prominently by the attitude of the students.

To add wonders to the Iftar Party an informative and entertaining assembly on Eid-ul-fitr was performed by the students of Grade 4 & 5.

Investiture Ceremony 2022-23

"A leader is one
who knows the way,
shows the way and
goes the way"

To celebrate the leaders of tomorrow the much awaited Investiture Ceremony 2022-23 was held on the 21st of April, 2022. It was an incredible day for Springdales School as it witnessed the building of yet another promising and competent prefectural body 2022-23. They took the oath to stand up to the principles of being a Springdalian and carry forward the legacy of "The World Is a Family"-

Prize Day

To honor those who had put in the best of their efforts in not only academics but also showed their excellence in co-curricular activities, 100 % attendance and those who made remarkable progress, Springdales School, Dubai felicitated them for their outstanding achievements at the Prize day 2021-22 held on the 26th of April, 2022.

Students received certificates and trophies for various subjects they had excelled in.

This was one event that motivated and encouraged our students to perform even better in the coming years.

**"Believe in yourself.
You are braver than
you think, more
talented than you
know, and capable
of more than you
imagine."
- Roy T. Bennett,**

INTERNATIONAL YOGA DAY

Balance is the key to everything. What we do, think, say, eat, feel, they all require awareness and through this awareness we can grow, and a perfect balance of body, mind and soul happens through meditation.

It is proven that Yoga helps them to deal with their stress and bring back some peace of mind. Those who regularly practice yoga not only report lower levels of stress and anxiety and subsequently improved academic performance.

We in Springdales School Dubai not only impart high quality education to our students but also nurture them for life. We consider both physical and mental wellbeing of our students as our prime responsibility.

The United Nations have declared 21st June as the International Yoga Day and it is followed worldwide from 2015. To give our students an opportunity to feel the balance of body, mind and soul, Springdales School Dubai had organized Yoga Sessions with the “Heart Fullness Group” where Grade 3 to 5 participated. Through the session students could relate to the power of calmness through serenity.

Islamic Week Celebration

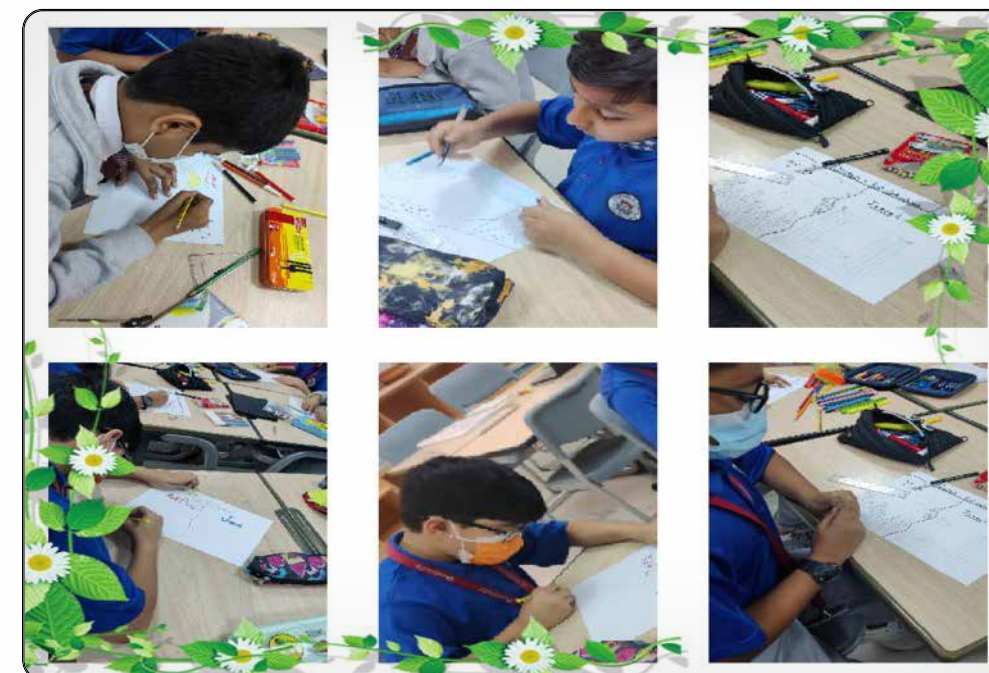

To spread the message of the religion of the country we reside, Islamic Week was held in Springdales School, Dubai

Islamic students of Grade 3, 4 and 5 presented a power point to create an awareness of Islam by explaining the pillars of Islam and the basic code of conduct of the religion. The non-islamic students participated in the event by comparing their religion with Islam and sharing their view points.

Hadith competition was conducted for Grade 3, Grade 4 and Grade 5 students had Holy Quran Recitation Competition.

Grade 5 students showcased their artistic skills along with their understanding of Quran by depicting the surahs of Quran in an art form. The winners were given the certificates by the Principal and was appreciated.

It was a wonderful and purposeful event where there was 100 % participation of all the students.

Math Day

Math Day was conducted in the primary wing of the Springdales School on the 16th June'2022. Students across grades 1 to 5 enjoyed a carnival of mathematical concepts. Their palette of learning was sparkling with a variety of activities. All students were fully engaged in adorning their learning canvas.

- Gr1 - Showcased their masterminds working on 2D and 3D shapes.
- Gr2 - The amazing artists, created designs with numbers.
- Gr3 - Were the stars showing off their tantalizing tangrams.
- Gr4 - Students skilfully created fractal trees.
- Gr5 - "Math in the Future" pre-prepared videos shared in the class.

Creating an Area and Perimeter City
Creating a Math Learning Machine

These concepts will be embedded in their daily learning. It was heartening to see students' participation and enthusiasm throughout the time involved in the math activities. An enriching experience for all!

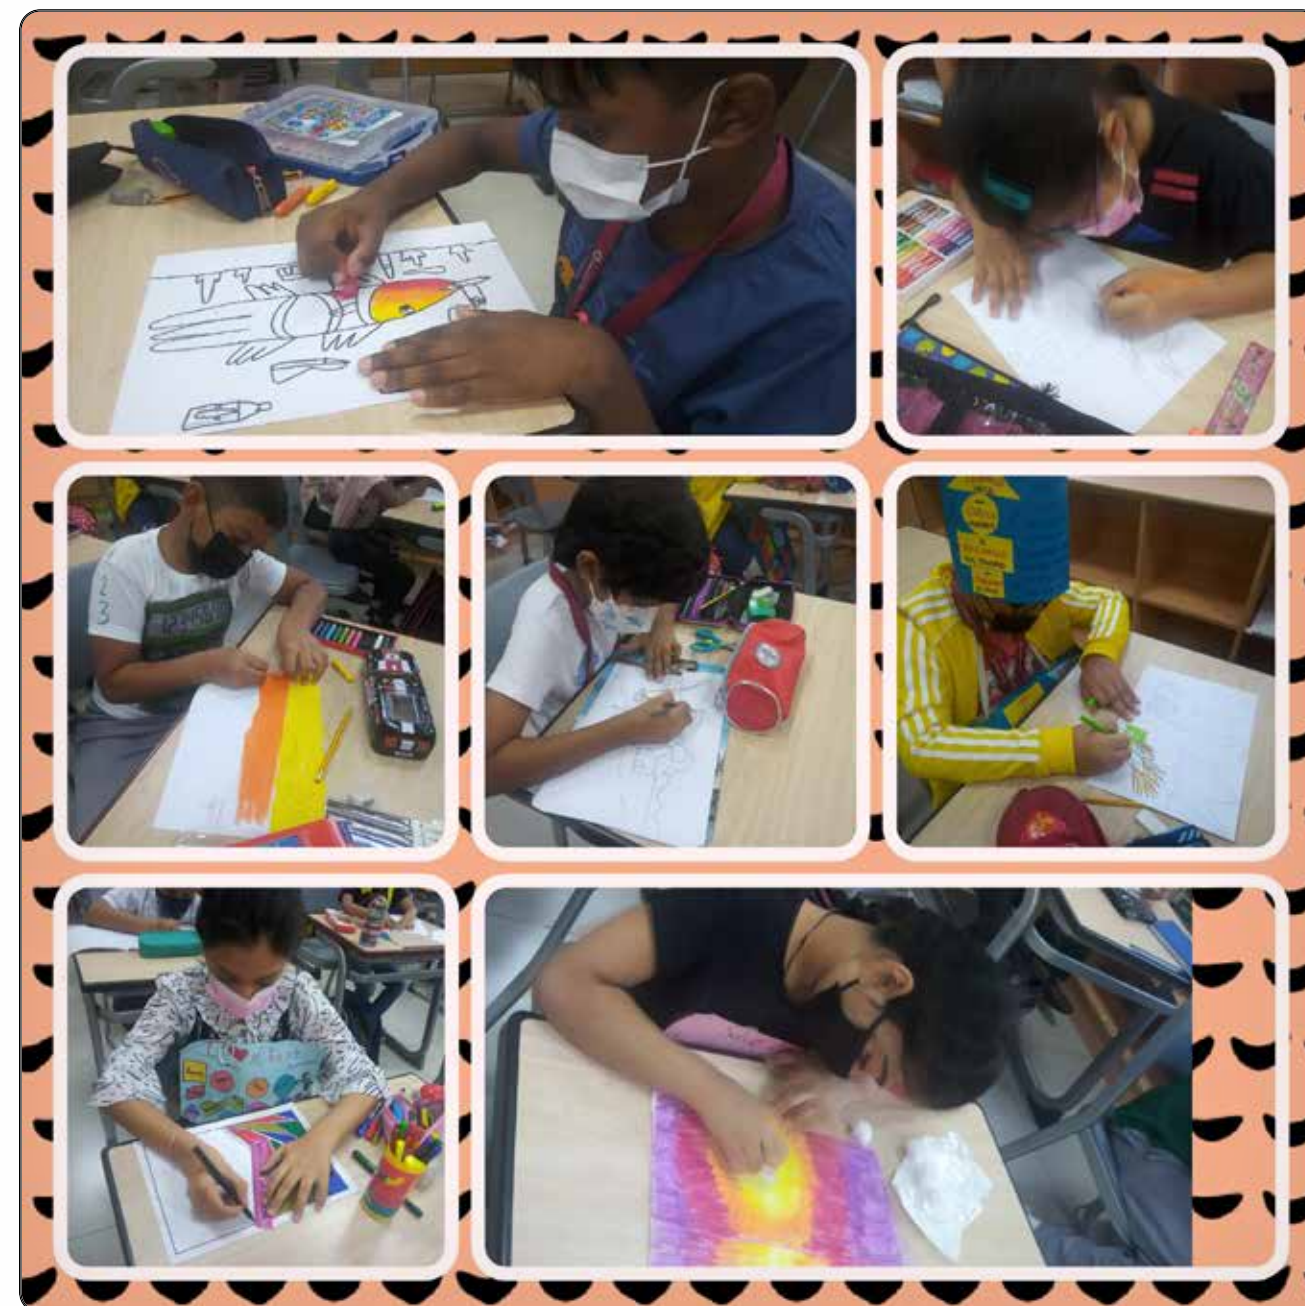

Picasso Art Competition

**"Every child is
an artist" - Pablo
Picasso**

Picasso Art Competition is an annual art competition conducted to embody students to express their creative skills. Like Einstein said, "Imagination is more important than Knowledge", we at Springdale's create opportunity for students to embody their imagination. Art has a role in education of helping children become like themselves instead of more like everyone else. This event is an opportunity for students to unleash their creativity.

Science Week

In our endeavor to encourage innovative thinking, curiosity and strengthen the love for Science among our students, Springdales School Dubai is celebrating Science week from 27th – 29th June in the Preparatory Department. Our world relies on science every day and such events are a great platform for students to become more knowledgeable about how things work around them.

**“The important thing is to never stop questioning or learning”
– Albert Einstein**

The pandemic has trained us to approach life like an experimental design. We are living in our own science fair by researching best practices, hypothesizing how to move through the world, implementing necessary changes, learning from what worked and what failed, and drawing conclusions from our experiences. Celebrating a Science Week is just one-way we are creatively adapting to our situation.

This event inspired and motivated our students to showcase their creativity, which flourished through their elaborate displays, innovative models, unique experimental designs and thoughtful future study ideas.

Students of Grade 3, 4 and 5 were actively engaged in various activities that were divided into three days. Students were given the option to choose to participate between the Day 2 or Day 3 activity. Day 1 activity was compulsory for all.

Literacy Week

This year, the Literacy Week was celebrated keeping in mind the need of bridging the digital divide. The students have been extensively using the devices for every task, thus bringing back physical books, drama, public speaking, poetry and their essence was the primary aim. Students were given an opportunity to use online portals research, read and then encouraged to create. With a view to inculcate language skills and the love for reading in students, the preparatory phase of Springdales School Dubai held their Literacy Week from the 16th – 20th May 2022.

Students of Preparatory - Grades 3, 4 and 5 were actively engaged in various activities that encouraged the four skills of English.

Monologues, walking dictionaries, debates, poetry recitation through a modern day Poetry Café were some of the events of this week. All the students and teachers innovatively dressed up as their favourite characters, words etc. It was nice to see characters, words, meanings, dialogues walk out of the book in real life through the teacher and student efforts.

The character parade was held to celebrate the commencement of the Literacy Week.

Parents, student expressing their thoughts and feelings using grammatical skills learnt during class through poetry during the Poetry Café which culminated an interactive week.

All in all it was a delight to see everyone participating with so much of meaning and enthusiasm.

MIDDLE SCHOOL

Be a BUDDY NOT a BULLY

Anti Bullying

The Anti-Bullying assembly was the first assembly of the academic year of 2022-2023 on 13/4/2022. It was interactive and thought-provoking for students. Students of Middle and Secondary presented Assembly in their respective departments for the same.

Why kindness mattered and is important in our day to day lives. Presenters provided the students with bands with kind words on them, to give to someone they care about. Presenters also displayed a unique skit, in which students of the class mimed the actions and types of bullying, thus conveying a silent meaning. Presenters had a poll in which the audience either agreed or disagreed with statements relating to bullying and we announced the results.

MUN (Model United Nations)

Model United Nations is an academic simulation of the United Nations where students play the role of delegates from different countries and attempt to solve real world issues with the policies and perspectives of their assigned country.

For example, a student may be assigned the United Kingdom and will have to solve global topics such as nuclear non-proliferation or climate change from the policies and perspectives of the United Kingdom.

Patience

“Patience is bitter, but its fruit is sweet.”

Patience improves your ability to accept setbacks and enjoy life much more. There is a saying; “Good things come to those who wait.” Patience allows you to persevere and make more productive decisions, often leading to greater success. Patient people have a greater sense of gratitude.

Ramadan

Students briefed the audience about various topics such as what is Ramadan?, What is the meaning of fasting?, why do we fast?, what is the goal of fasting and Eid-ul-Fitr, through revues? Conjointly, the event included a graceful Eid performance carried out by students from the middle as well as secondary school. The assembly was then concluded with a series of questions, which made the audience assimilate the main motives of Ramadan and Eid-ul-Fitr.

Empathy

Empathy - Listen
to Understand not
Respond

An interactive, amazing socializing activity performed by all the students of the class, where they would ask situation based questions to the audience and the audience had to respond to them by performing actions. Words that are crafted well can leave a lasting impact on the world, we achieved this with the thought of the day and helped all students to keep a positive mindset.

MIDDLE SCHOOL

Environment

World Environment Day 2022 is the biggest international day for the environment. Led by the United Nations Environment Programme (UNEP), and held annually since 1973, it has grown to be the largest global platform for environmental outreach. It is celebrated by millions of people across the world.

World Environment Day 2022 is hosted by Sweden. “Only One Earth” is the campaign slogan, with the focus on “Living Sustainably in Harmony with Nature”.

Springdales have also conducted Fashion Show – Best Out of Waste.

International Yoga Day

A yoga instructor from Heartfulness was invited to the school and demonstrated specific asanas (yoga poses). On their part, the students followed these postures to practice the art of yoga and mindfulness. Some of the asanas practiced were the Kapalbhathi Pranayama and Surya Namaskar.

Yoga is extremely important in this fast-paced world; even students hardly have time to slow down and breathe. Practicing yoga does not only have physical benefits, but also mental ones. The entire experience was very uplifting and had a calm and soothing effect. It served as a break from the tedious and dull schedule students followed every day and inspired feelings of tranquility and mindfulness. The regular practice of yoga creates mental clarity and calmness; it also increases body awareness and sharpens concentration. All in all, the event was enjoyed by all the students of Middle and Secondary and was a big success.

Islamic Week

The UAE's rich history is rooted in trade and tied to Islam, which came to the region in AD 630. The UAE culture mainly revolves around the religion of Islam and traditional Arab culture. The influence of Islamic and Arab culture on its architecture, music, attire, cuisine, and lifestyle are very prominent as well.

Being cognizant, Springdales School, Dubai will be celebrating Islamic week between 13th – 17th June, 2022. On the theme of this year - "The Year of Distinction & Precedence."

A cursory glance at the Activity Schedule will reveal all areas of competitions for different levels of students.

- Essay Writing Competition
- Art Competition
- Inter House Quiz Competition

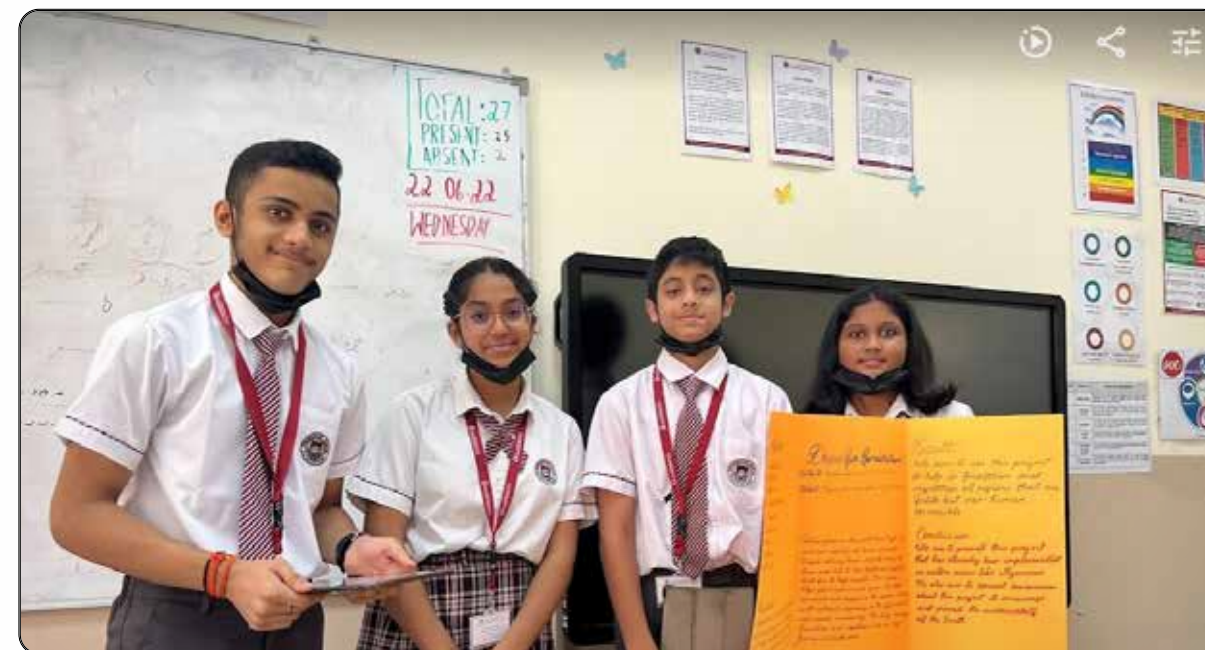

Picasso

Springdales School conducted LITTLE PICASSO Annual Art Competition. Students from Grade 1 - 12 participated with great enthusiasm and demonstrated their artistic talents in the event

The Scixperts Show

Science is inexplicably linked with our lives and helps us to understand the world around us better. Scientific and technological developments contribute to progress and help improve our standards of living. By engaging with this subject, students learn to think, solve problems and make informed decisions. As an initiative to generate curiosity, enquiry and higher order thinking amongst the learners, our school is organized the Science Week from 20th to 23rd of June 2022.

“Speculation and exploration of ideas, beyond what we know with certainty, is what leads to progress” - LISA RANDALL

Field Trip to Al Rawabi Dairy Company

Grade 8 students were taken to Al Rawabi Dairy company to study in depth about Microorganisms.

Al Rawabi journey began in 1989 on a farm in the heart of Dubai's desert in Al Khawaneej with only 500 imported cows and a vision to become the market leader in fresh dairy and juice products. Today, they are the UAE's leading Dairy & Juice company with over 16,500 cattle that operates around the clock serving more than one million customers per day. Their products are easily recognizable as they proudly bear the words 'Home Made in the UAE'.

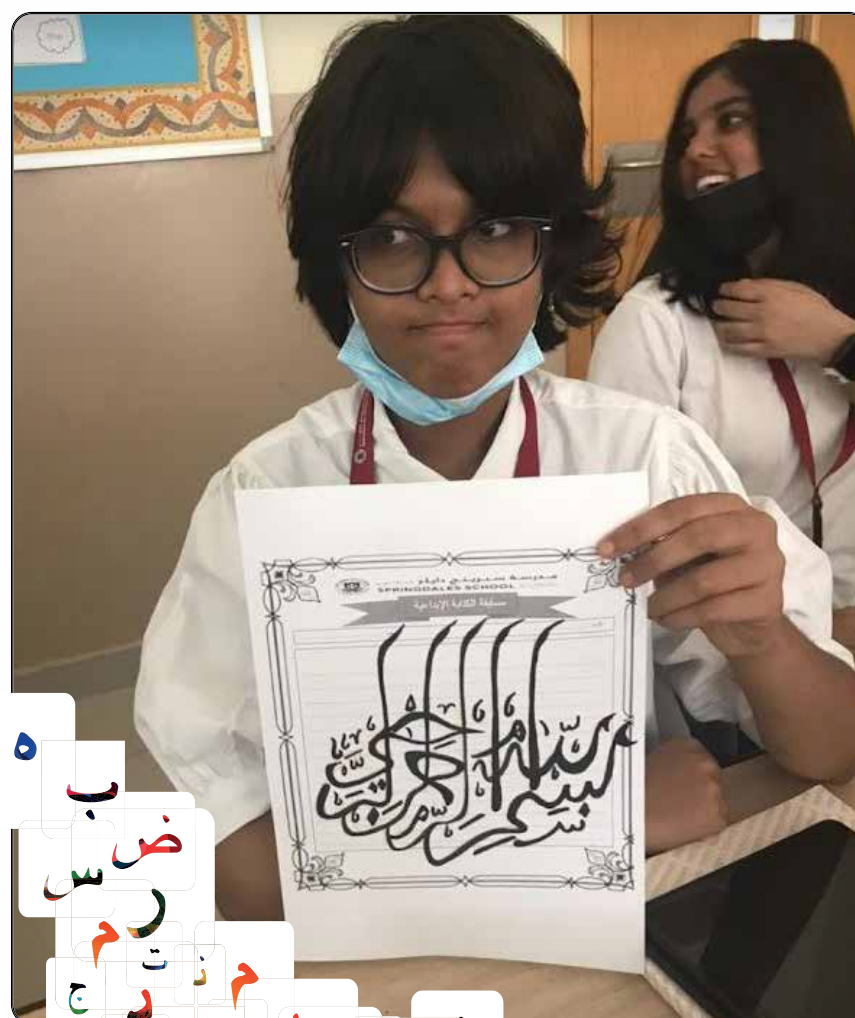

Arabic Day

The Arabic language is the language of the noble Qur'an and is the richest language in the world. No language can compete with the Arabic language in breadth and beauty. Springdales school celebrated Arabic week from 23rd May to 25th May, 2022.

As part of celebrating the country's rich cultural and literary achievements in the Arabic language. Our students will express their love and pride in the language and identity through their participation in the following activities

1. Arabic Calligraphy Writing
2. Creative Writing in Arabic Language
3. Arabic Week Assembly

Inter-house Dramatics

“Drama does not just walk into your life. Either You create it, invite it or associate with it!”

Inter House Dramatics has always been the most exhilarating and electrifying event of Springdales school. Every year the four houses vie to showcase superior exhibition of language, expression, skill, performance, and flamboyance. Students of middle and secondary participated to showcase their acting skills beautifully.

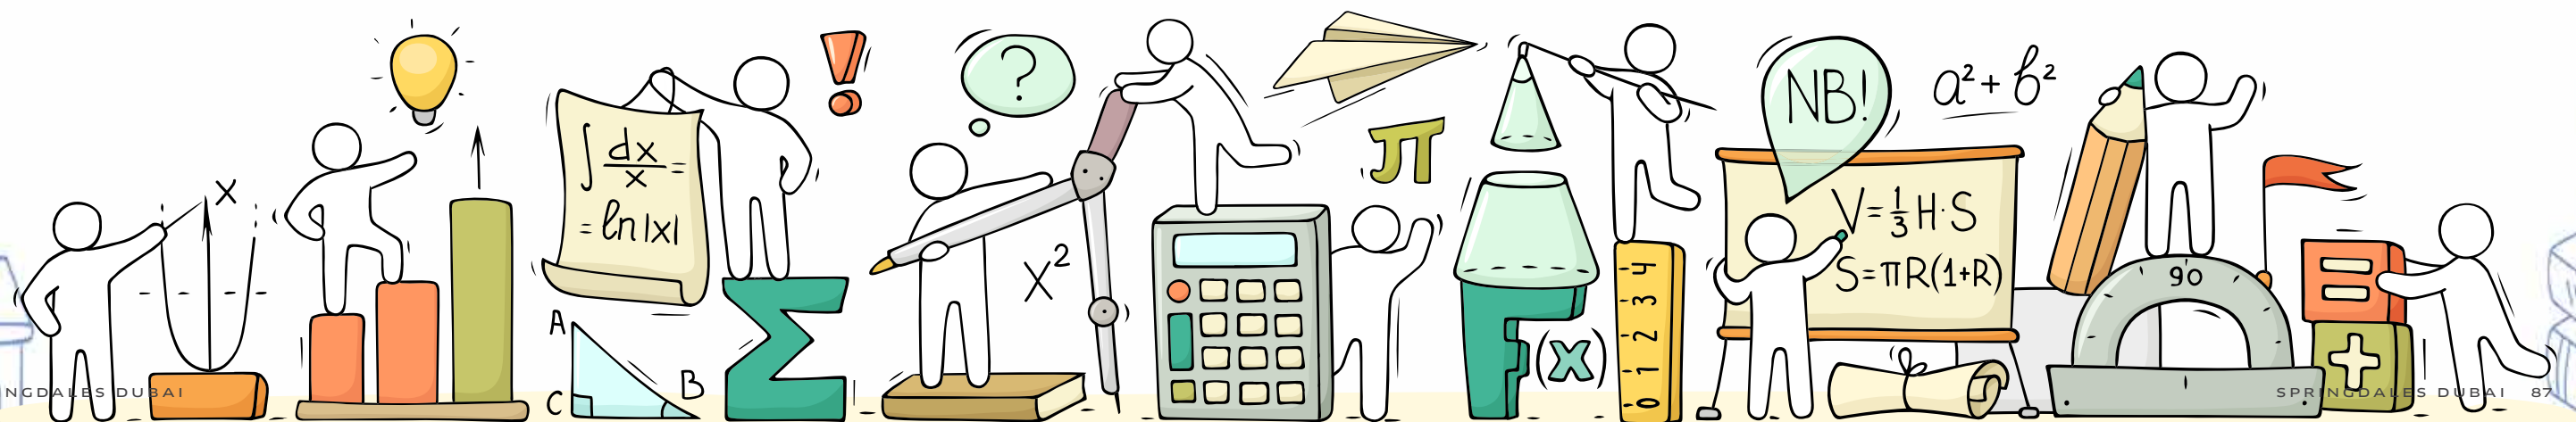

Math Day

**"You don't have to be a mathematician to have a feel for numbers."
- John Forbes Nash, Jr.**

Mathematics expresses itself everywhere, in almost every facet of life - in all the forms of nature around us, and in the technologies in our hands. Mathematics is the language of science and engineering - describing our understanding of all that we observe. In fact, Galileo said that Mathematics is the language with which God has written the universe.

All too often math is seen as a subject that is a world of its own, isolated from the humanities and other subjects. Math is not just a class but a topic that constantly impacts our decisions. In reality, mathematical concepts can be found in our everyday lives--math is used everywhere!

PTM

A parent-teacher conference is a meeting between parent and your child's teacher to discuss your child's progress in school. And to discuss the points of improvement, strength and weakness. Parent teacher will also discuss and plan the next steps for child's progress. The First PTM for the school was successfully led by the Student Prefectural Board.

The Year of Distinction and Precedence

The event started off with a spectacular recitation of Al-Asma-Ul-Husna by the students. After which Middle school students briefed the audience about the topic The Year of Distinction and Precedence through revues.

Conjointly, the assembly included a melodic musical composition by the choir students from the middle school sector. The assembly was then concluded with an Inter-House Quiz Competition on the topics of Hajj, Prophetic Stories, Islamic Values, and The Holy Quran.

SECONDARY

WWW.SPRINGDALES DUBAI.COM

Education Fair

University representatives discussed various prospects with students at an education fair. It was an amazing opportunity for students to explore a wide range of courses at institutions in the UAE and across the world. Representatives of different universities distributed brochures that would be helpful to students for taking crucial career decisions.

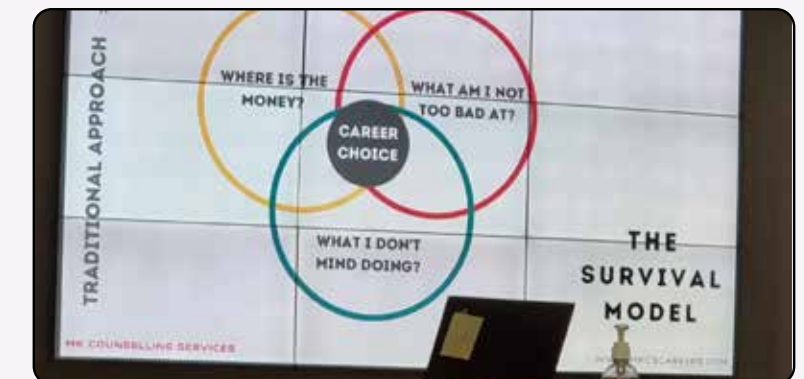

Preparing and participating in a MUN helps students develop leadership skills, research, writing, public speaking, and problem-solving skills. Moreover, coming up with solutions that are acceptable to a majority of the representatives also inculcates skills of negotiation, conflict resolution, and cooperation. The MUN Team at Springdales School Dubai showcased their skill of displaying ideas to tackle some grave issues like unemployment, environment hazards and understanding the importance of wise use of resources.

Career Talk

An Interactive session for secondary students by Ms. Meghan Khan on the importance of making the right career choice. Students comprehended the importance of data driven career choices and discussed various problems related to making accurate subject choices

Health Talk by the Doctor

An Interactive session for secondary students by Ms. Meghan Khan on the importance of making the right career choice was held at the school premises. Students comprehended the importance of data driven career choices and discussed various problems related to making accurate subject choices.

Zakat Drive

As one of the pillars of Islam, Zakat is a form of obligatory charity that has the potential to help a millions. With the intention of helping the helpers, students at Springdales along with their mentors took the opportunity to display their love and affection by Sharing and helping the helpers. A culture that has strengthened over the years at school.
